

Building Your Nations Self Esteem through TUL – Total Unconditional Love

Thank you for your interest in having us share our message of TUL, Total Unconditional Love in your country.

Which side of the tree are you, your family, business and your country living?

Our mission is Global Self Esteem. When people feel loved and safe and are given the tools to succeed they are open to being their best. We provide the education and life skill experiences for your nation and the world's self esteem to grow. We will work with you and show you how to build the self esteem of your country.

For over 45 years [Bill and Linda McGrane](#) who are world renowned experts and author of several books, *Balancing Life With Self Esteem*, *Just Ask!* along with CD's and DVD's. He travels the world working with the 7 mountains that are the mind molders of society impacting a country and it's people. They are: Family, Faith, Education, Media, Government/Politics, performing Arts/Entertainment/ Sports and Business/Finance.

When leaders in each area of impact unite together they become stronger and able to move your country in forward moving ways.

Next Steps:

1. We can get started by an email or having a web conference or phone call together to discuss the needs and how we can work together. You can reach us at mcgrane@mcgrane.com or call 001-859-384-6333 in the United States on Eastern Standard Time.
2. We set a date to come to your country where several meetings, conferences, presentations, keynote talks and seminars are scheduled to let you experience the tangible benefits of TUL.

In our first trip we suggest conducting several one day TUL Conferences held in different cities. In these programs we would be letting people know what TUL is and give them an overview or taste of our seminars.

We can also have individual or small group meetings with leaders and people of influence interested in TUL.

Then the next trip a couple of months later would conduct our 2 day [Making It Happen](#), 5 day [Move Into Your Greatness Seminars](#), one day [Get High On Life Self Esteem Youth Programs](#) and train the trainer events.

Certification opportunities to be trained to conduct McGrane programs creating a business opportunity running McGrane Global Centers in China.

Events to create:

1. *Implementation team.* This will be the core group to make sure planning and implementation take place.

2. *TUL Conference* inviting the key leaders to a one day overview to involve them in the process. People you want to invite are involved with Family, Church, Education, Media, Government/Politics, Performing Arts/Entertainment/Sports and Business/Finance.
3. *Speaking opportunities* at [businesses](#), [faith](#) and other places of interest exposing them to the message of TUL. These could be 15, 30 45, 60 or 90 minute presentations. We can also create an introductory 3 hour event to give people a sample of these powerful ideas titled Living Your Destiny.
4. *Schedule conducting the 2 day [Making It Happen](#)* for up to 20 people and out of the 20 people invite up to 15 to stay the additional 3 days to attend the [Move Into Your Greatness seminar](#). Usually a Saturday/Sunday for the Making It Happen and continuing on Monday through Wednesday for the Move Into Your Greatness seminar. Another option is Monday/Tuesday and continuing on Wednesday through Friday. The schedule is 8:30 am into the evening for all 5 days. The in-depth, concentrated sessions get to the core so people can release their wounds, heal, be more productive, healthy and successful in all areas of life.

Invite those who want to really know what we offer and those who want to be certified or trained to conduct our programs in your country. We need a quiet setting with no distractions that is energizing to conduct the seminars.

5. *Train the Trainers*. We are looking for individuals and organizations wanting to be trained in our methods as money making opportunities by providing, trainings, speeches, consulting and product sales.
6. *Contact individuals*, businesses and others that would be willing to sponsor the finances for this initial trip covering presentation fees, travel, meals and lodging expenses.
7. *Products*. We also have [products](#) of books, Cd's and DVD's to offer people.

We look forward to speaking with you to host an event with your people.

TUL,

Bill McGrane
